## GRAHAM & BROWN

DoP CPR: WP0001-2013

EN 15102:2007+A1:2011

EN 15102:2007-A1:2011
Product refer to pattern and batch number
Decorative wallcovering
Reaction to fire class D - \$3, d2
Release of dangerous substances, heavy metals,
specific elements and vinyl chioride monomer: Pass
Release of formaldehyde: Pass

## **CONSTRUCTION PRODUCTS REGULATIONS (EU 305/2011)**

## **Declaration of Performance**

1. DoP CPR reference number:

WP0001 -2013 / Revision 1

2. Type: Refer to Pattern and Batch Number on packaging label

3. Intended Use: Wallcovering for decorative use

4. Manufacturer:

**Graham & Brown LTD** 

India Mill

**Harwood Street** 

Blackburn

Lancashire UK

Telephone: 01254 691321

Fax: 01254 679022

5. Name of Authorised Representative: Not applicable

6. Systems of Assessment: Three

7. Identification Number of Notified test laboratory: 0833

8. Declared Performance:

| Essential Characteristic                        | Performance | Harmonised Technical Specification |
|-------------------------------------------------|-------------|------------------------------------|
| Reaction to Fire                                | D-s3,d2     | EN15102:A1:2011                    |
| Release of Formaldehyde (max. 120mg/kg)         | Passed      | EN15102:A1:2011                    |
| Release of Dangerous substances:                |             | EN15102:A1:2011                    |
| -Heavy metals and specific elements:            | Passed      |                                    |
| Antimony (max. 20mg/kg)                         |             |                                    |
| Arsenic (max. 25mg/kg)                          |             |                                    |
| Barium (max. 500mg/kg)                          |             |                                    |
| Cadmium(max. 25mg/kg)                           |             |                                    |
| Chromium (max. 60mg/kg)                         |             |                                    |
| Lead(max. 90mg/kg)                              |             |                                    |
| Mercury(max. 20mg/kg)                           |             |                                    |
| Selenium(max. 165mg/kg)                         |             |                                    |
| Release of Vinyl Chloride monomer max. 0.2mg/kg | Passed      | EN15102:A1:2011                    |

9. The performance of the product identified in point 1 and 2 is in conformity with the declared performance in point 8. The declaration of performance is issued under sole responsibility of the manufacturer in point 4. Signed for on behalf of the manufacturer by:

Mr John Carter
